Dear Arthur,

There are many things about my life as pastor of Immaculate Heart of Mary Church that give me great joy. Ranking among the top five would have to be hearing the glorious sounds of our new pipe organ. After almost a year of celebrating liturgy with the new organ, I still am thrilled by it and I don't think I will ever grow tired of listening to it.

You and members of your staff worked long and hard to accommodate our schedule and musical needs. You personally went above and beyond the call of duty to ensure that the organ is not only a fine musical instrument that easily leads the assembled faithful in united voice, but also serves extremely well in concerts and recitals. Your careful thought and hard work has resulted in something that far exceeds my expectations, and I cannot thank you enough for that.

I know that long after I am gone, this organ will survive – serving future generations ably in their hymns of praise and thanksgiving. In my opinion, this is well and fitting.

You and your company are blessed with an incredible gift for creating fine musical instruments. Thank you all for sharing your gifts so abundantly with the family of Christ who call Immaculate Heart of Mary their home.

Sincerely,

Very Reverend James A. Schillinger, S.T.L., V.F.
Pastor
