

A. E. Schlueter Pipe Organ Co.

January 2023 - December 2024

Thanks for Your Support!

During the course of our work we have been rewarded with many rich memories and valued friendships. We are humbled by the many churches over nearly fifty years that have provided our success in the commissioning of new instruments, rebuilding of existing instruments, additions, new consoles, voicing, maintenance, and tuning. The format of a calendar does not begin to allow the space to feature all of this body of work or to express a proper thank you. To the hundreds of people who have worked with us since our founding in 1973, we wish to convey our sincerest gratitude for the trust you have placed in us. We wish to thank each and every one of you for your love of the "King of Instruments" and music, without which there would be no pipe organ industry. You help to define us and everything we do. With each pipe organ design, we grow and learn from you. From our firm to you, please accept a most heart-felt "thank you" for your support of church music and A. E. Schlueter Pipe Organ Company.

You may reference the index below to find specific examples of our work as presented in this calendar.

ARP	Newberry ARP, Newberry, S.C.	Aug '23	Lutheran	Advent Lutheran, Melbourne, Fla. First Evangelical Lutheran, Galveston, Tx.	Feb '24 July '24

Current Projects

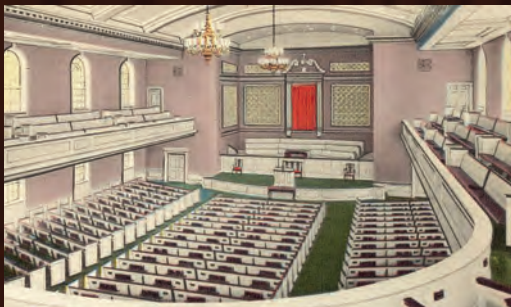

US Air Force Academy Protestant Chapel

US Air Force Academy Catholic Chapel

Morehouse College

Southern Seminary (archive drawing)

- US Air Force Academy Protestant Cadet Chapel, Colorado Spring, Colorado: rebuilding of the historic III-manual, 83-rank Moller/Holtkamp organ.
- US Air Force Academy Catholic Cadet Chapel, Colorado Spring, Colorado: rebuilding of the historic III-manual, 33-rank Moller/Holtkamp organ
- First Baptist Church, Hammond, Louisiana: building a new organ from the previous instrument damaged by a hurricane, III-manual, 35 ranks.
- First Baptist Church, Charleston, South Carolina: rebuilding of the console, new relays, replacement of Positiv division pipework, mechanical repairs, and tonal additions.
- St. Jean Vianney, Baton Rouge, Louisiana: rebuilding and enlargement of Wicks instrument with additions.
- Druid Hills Presbyterian Church, Atlanta, Georgia: restoration of G. Donald Harrison Aeolian-Skinner with completion of sympathetic additions that were "prepared for" in its original installation.
- Church of the Nativity, Dothan, Alabama: releathering of the exposed Great division.
- First United Methodist Church, Newnan, Georgia: new chassis to repair water damaged Echo division.
- All Saints Episcopal Church, Thomasville, Georgia: new III-manual terrace console, relays, and tonal additions.
- Peachtree Christian Church, Atlanta, Georgia: completion of an all new organ chassis for the 1930 Pilcher organ in the Chancel.
- Northpoint Methodist Church, Hong Kong: building a new façade and division for the rear of church, complete with Trompette en Chamade.
- Morehouse College, Atlanta, Georgia: providing protective measures to the organ while the Chapel is undergoing restoration, and restoring the organ reeds, cleaning the organ, and repainting the organ façade.
- Southern Seminary, Louisville, Kentucky: building new organ from the Aeolian-Skinner instrument that represents two dispirit time periods. The organ is being recast as a cohesive instrument in the American Eclectic style with homage to its American Classicism beginning. The completed instrument will be IV manuals with 113 ranks of pipes.
